## Generalized Work Activities:

## Generalized Work Activities:

- Analyzing Data or Information - Identifying the underlying principles, reasons, or facts of information by breaking down information or data into separate parts.
- Getting Information - Observing, receiving, and otherwise obtaining information from all relevant sources.
- Interacting With Computers - Using computers and computer systems (including hardware and software) to program, write software, set up functions, enter data, or process information.
- Processing Information - Compiling, coding, categorizing, calculating, tabulating, auditing, or verifying information or data.
- Communicating with Supervisors, Peers, or Subordinates - Providing information to supervisors, co-workers, and subordinates

- Interacting With Computers - Using computers and computer systems (including hardware and software) to program, write software, set up functions, enter data, or process information.
- Analyzing Data or Information - Identifying the underlying principles, reasons, or facts of information by breaking down information or data into separate parts.
- Processing Information - Compiling, coding, categorizing, calculating, tabulating, auditing, or verifying information or data.
- Getting Information - Observing, receiving, and otherwise obtaining information from all relevant sources.
- Documenting/Recording Information - Entering, transcribing, recording, storing, or maintaining information in written or

by telephone, in written form, e-mail, or in person.

### Specific Tasks

#### Occupation Specific Tasks:

- Analyze financial information to produce forecasts of business, industry, and economic conditions for use in making investment decisions.
- Assemble spreadsheets and draw charts and graphs used to illustrate technical reports, using computer.
- Collaborate with investment bankers to attract new corporate clients to securities firms.
- Contact brokers and purchase investments for companies, according to company policy.
- Determine the prices at which securities should be syndicated and offered to the public.
- Evaluate and compare the relative quality of various securities in a given industry.
- Interpret data affecting investment programs, such as price, yield, stability, future trends in investment risks, and economic influences.
- Maintain knowledge and stay abreast of developments in the fields of industrial technology, business, finance, and economic theory.
- Monitor fundamental economic, industrial, and corporate developments through the analysis of information obtained from financial publications and services, investment banking firms, government agencies, trade publications, company sources, and personal interviews.
- Prepare plans of action for investment based on financial analyses.
- Present oral and written reports on general economic trends, individual corporations, and entire industries.
- Recommend investments and investment timing to companies, investment firm staff, or the investing public.

### Detailed Tasks

#### Detailed Work Activities:

- advise clients on financial matters
- analyze financial data
- analyze financial information to project future revenues or expense
- analyze market conditions
- analyze scientific research data or investigative findings
- analyze social or economic data
- compile data for financial reports
- compute financial data
- conduct financial investigations

electronic/magnetic form.

### Specific Tasks

#### Occupation Specific Tasks:

- Advise clients in areas such as compensation, employee health care benefits, the design of accounting or data processing systems, or long-range tax or estate plans.
- Advise management about issues such as resource utilization, tax strategies, and the assumptions underlying budget forecasts.
- Analyze business operations, trends, costs, revenues, financial commitments, and obligations, to project future revenues and expenses or to provide advice.
- Appraise, evaluate, and inventory real property and equipment, recording information such as the description, value and location of property.
- Compute taxes owed and prepare tax returns, ensuring compliance with payment, reporting or other tax requirements.
- Develop, implement, modify, and document recordkeeping and accounting systems, making use of current computer technology.
- Develop, maintain, and analyze budgets, preparing periodic reports that compare budgeted costs to actual costs.
- Establish tables of accounts and assign entries to proper accounts.
- Investigate bankruptcies and other complex financial transactions and prepare reports summarizing the findings.
- Maintain or examine the records of government agencies.
- Prepare forms and manuals for accounting and bookkeeping personnel, and direct their work activities.
- Prepare, examine, or analyze accounting records, financial statements, or other financial reports to assess accuracy, completeness, and conformance to reporting and procedural standards.
- Provide internal and external auditing services for businesses or individuals.
- Report to management regarding the finances of establishment.
- Represent clients before taxing authorities and provide support during litigation involving financial issues.
- Serve as bankruptcy trustees or business valuers.
- Survey operations to ascertain accounting needs and to recommend, develop, or maintain solutions to business and financial problems.
- Work as Internal Revenue Service (IRS) agents.

- create mathematical or statistical diagrams or charts
- evaluate degree of financial risk
- follow tax laws or regulations
- gather relevant financial data
- identify financial risks to company
- interpret charts or tables for social or economic research
- make presentations on financial matters
- perform general financial analysis
- prepare financial reports
- use computers to enter, access and retrieve financial data
- use knowledge of economic trends
- use spreadsheet software
- use statistical cost estimation methods
